But it is more difficult to re-connect the universes due to the wild storylines of RA2 and RA3.

I would like to see a Renegade 2 FPS with

- a well done Single Player campaign for both GDI and Nod.
- References to the events in C&C Renegade (and homage to Havoc).
- C&C Mode

Ideally I would like it to be set within the C&C 3 universe.

RA2 and RA3 do not have to connect at all. What people have been WANTING in terms of universe connection is the proper timeline to be official. RA1> C&C/Renegade> TS> C&C 3

RA2 and RA3 were meant as alternate realities resulting from RA1, whereas RA1 fits in as a perfect beginning for the entire series.

Big deal that Tiberium was cancelled who was waiting on it anyways I think that it would have been a big failure.
