Well like the title state's OSTK clan is now open for applications!
so please visit us @ OSTK Official Site
Quote:One Shot Two Kills; has a nice ring doesn't it? You'd think twice with messing with this clan, but you wouldn't think twice about joining it. These skilled players are at the top of their game, and mostly play on Atomix-Gaming. Contact them quickly before they beat your clan in a clan war.

So what are you waiting for soldier get in the game with OSTK!!!
