[3]GDI_Guard_Tower

1 is a gdi helipad? nod helipad? helipad with apache one it? what?

2 [same questions as above]

3 I know the guard tower, i was wondering about things like water towers (EX: in the ATL4NTIS server is watertower and in the Kamuix server its !mto)

4 Do you know anything else thats usefull? (like a windsock?)
