R315r4z0r wrote on Mon, 13 October 2008 19:36I don't think it is an advantage skin... I have 0% trouble tracking shells or weapon discharges in the game currently. Adding this in would have absolutely no effect on game play at all, in my opinion.

I don't use any custom skins myself, but I still don't see this as an advantage, therefore I welcome others to use it against me.

I completely agree.

I have no custom skins either. Only originals. Tracking shells is easy already so i don't care whether it's used or not.

I really don't get the advantage of this. Only for beginners maybe
