anant wrote on Wed, 15 October 2008 00:21for the chem guy, can you make him glow (liek super marios star power) or something when he goes on the tib,ty

The problem with glowing when it goes on the tiberum is a problem to me tbh because usually when you're "glowing"(I don't know what to call this exactly so I'll go with your word) you are being healed by the tiberum and obviously the chem warrior does not get healed from tiberum.
