Well I might start working on it again tonight. If not I will definitely start again on it tomorrow.

But as I have clearly said before, I only want to make maps. And that saying, and I sticking to my word. Now I may do some menu editing and what not, but I don't want to over indulge my self if y'all know what I mean.

But I will let you all know when I start working on it again. For all I know I may start up in 10 mins, but I will certainly let you all know .
