I was able to resist until about last week. I've tried to put up with him, but he's 19, and we can't treat him like a 13-14 y/o online.

Quite honestly, I produced worse stuff than that when I first started. The difference is I KNEW it was horrible, so I kept it out of the public eye.

Plus, it's one thing to go, "I know it's not very good, but this is what I've come up with. Any ideas on how to improve this?" It's another to post it, acting as if it's actually anything close to being aesthetically pleasing.

I know my shit is crap that does not mean you have to put up with me.

Let's be blunt my shit suck's but the more i post and get bad replys the more i post more that are diff and looking a little better, you may not like it but some people do...

So instead of trying to not be blunt with me be blunt i can take it i'm not a kid anymore..
