You will need the W3D Importer

Importer:

<http://www.renhelp.net/downloads/W3DImporter.zip>

How to install, readme's etc are all included.

Also you probably want to use the RenX gamepack for GMax.

This is installed together with the RenegadePublicTools:

<ftp://ftp.westwood.com/pub/renegade/tools/RenegadeToolsInstaller2.exe>
