Thanks all for your nice comments!

@reborn: Yeah, it adds to the detail. And inside there is a very detailed sculpted pilot figure similar to GDI pilots from TS (straight down to the 3 faceted helmet visor!). I will try to get a pic of that though it's hard.

@ RoShamBo: The Stank/Orcas/Soldiers were bought as they are...I am glad they did not have a single scratch and they even smell like new. The Havoc figure I don't want to open ever!

I keep the vehcs and soldiers well packaged. I took them out of my giant box only for these pictures. They are back in there safe!

@TehstormZ: NP! I will post more pics.
