New Sniper Server, Mini-AOW back up

COMMAND & CONQUER RENEGADE

Posted by Gladiator on Sunday, October 19 @ 07:22:38 BDT

Hey everyone, most of you have noticed by now that we now have a new sniper server. We've finally worked out the last major bug and it's up for us. We're still looking for input, so please head to the Jelly-Server [forums] and let us know what you think.

Also, the issue with Mini-AOW has been fixed and the server is back up.

A big thanks to Ghostshaw and Raven for figuring out what was wrong with the servers and getting them back up for us.

Enjoy guys =)
