Quote:I'm not entirely against public education, as long as people have a choice to where they send their kids... be it public or private. That way, kids aren't indoctrinated like they are in America. Does obama plan to make policies that force you to go to a public school? No sarcastic question or something, I dont know that much about the candidates (since I cant vote anyway because im, uh, not american) positions.

The Constitution is a well-written document Still, you shouldnt just say "their behaviour is unconstitutional", say what exactly is wrong about it. I dont know the constitution (again, not being american ), so when you say that their positions, laws and acts arent constitutional I dont really know what you mean by that ;(

Quote:To disrespect the rule of law is to become a democracy, and democracy is just another word for mob rule. ? How is every act of disrespecting the law to become a democracy? I dont really see that link.
