But after they assassinate him, they will have to draw in Biden.

Do you realize how preposterous it is to suggest that Obama will ever be assassinated?

There is always a minuscule chance, always, and no technology will ever change that. However, it's impossible to ignore the insane Tech and methods the SS uses.

We have fucking lasers. Lasers that are going to be mounted on the front of jets that can shoot down missiles. From a billion and a half miles away.

Fucking lasers.

The real SS OPERATORS are pretty much like the assassins from Wanted, too. Fuck lasers, they can shoot the bullets out of the air with actual goddamn bullets.

Obama is a very, very safe man right now. Safer than anyone here will ever be in their lifetime. Hes not that safe if a crazy white boy comes up and some how shoots him and know he will get killed or arrested for doing it and does not care if he dies or gets arrested
