Dave Anderson wrote on Sun, 16 November 2008 16:22: The moment you start thinking that you need to overclock, is the moment you need to start thinking about getting new parts. The moment you start thinking you can't afford new parts, is the moment you need to start thinking about getting a job. The moment you start thinking about how awful all of this sounds, is the moment you need to wake up and do something with your life.

I agree but cannot

No car and no transport so every job thats hiring where I live is over 16 miles away so untill I can get one near by im stuck for now
