i used to know the complete storyline from my friend, but i cant remember it all. What i do know is this

In the RA series, timetravel is used, einstein was brought into RA time, this way, since he now has more technology to work with and creates different weapons.

i cant remember where Kane's life starts, but he travels in time at some part. i havent played RA1 so im not sure (only one i havent played) this is how he is in different times, this could explain advanced weapons in earlier times.

RA1 (time of WW2)

RA2 (after WW2)

Tiberian Dawn (C&C 95) (1990's-2000)

Tiberian Sun (takes place in 2020 or 2030?)

im not exacly sure, im gonna get RA1 and then play all the single player missions in all of the games then i will know
