Nero wrote on Tue, 02 December 2008 04:04: I don't like them...It's like high-res textures on low-poly models. I bet it would look better if you showed us some renegade-x versions..

hmmmm, well Fobby or someone else wont share any models/features out from Renegade-X (i PMed him about some new render of GDI barracks, but he fucking ignored me and my Pms) but here my new wallpaper with name "Bring Back Bradley Tank"
p.s. water's shore effect
