Thank you for making it. I will change it to better suit my needs (renaming mainly, lol), but thanks still. Untill the model is finished, the V-22 will not be a replacement for the orca.

EDIT: Umm, Eror here:

Quote:

both those are not true, ZH did not make it!

This is the osprey from command and conquer Zero Hour only now it has been boned for renegade.

The credits for making this model go to their respective owner.
