@NUNYA

What a bizarre, ill-informed rant.

obama's health care plan is a JOKE. If you get coverage if your employer doesnt offer it, WHAT company in America would offer it then, if they dont have to offer one? Where is the money coming from to pay for it? YOU. The MIDDLE CLASS. The rich dont pay much taxes, and the poor pay ZERO.

You are obviously painfully ignorant on this issue. Have you ever heard of tax credits?

Quote:You people that voted for him are either easily fooled, or stupid. His wife is a mean lady, and gets paid over \$120000 a year as a "consultant" for a food company here. She's never set foot in the building. Nothing but a union payoff (Story in the Chicago Sun Times April 2008). Nunya wears a tinfoil hat and smells his own farts. (Story in my dentist's Highlights magazine January 2005)

Quote:I'm union. Have been since 1995. Clinton fought for NAFTA and got it passed. Jobs have gone away, but they blame Bush, even Reagan. H.W. spearheaded the negotiations for NAFTA. Clinton passed it in an attempt to "govern from the center." So are you for free trade, or against it?

Quote:I'm not even bringing up obamas drug use, his gay connection, his love (Editor's Note: LOL?) of Bill Ayers, his lack of ever having a real fucking job, or ever wondering what it is like to barely pay your rent and not have 20 cents for a package of Ramen noodles. I've never seen someone so completely annihilate what little credibility they had in so few words. Bravo. I'm starting to think this is an elaborate fakepost.

Just for the record, let me fill everyone in on this alleged "gay connection" of Obama's.

A strange little man by the name of Larry Sinclair has gained notoriety for making wild accusations regarding gay sex, drugs and possible murder committed by Barack Obama. Not only would this be unbelievable on its own, but let me inform you that Mr. Sinclair has "a 27-year criminal record, with a specialty in crimes involving deceit."

Quote:Fuck obama, and all you idiots that voted for him.
This is the most intellectually stimulating way to debate someone.

Quote:I want to laugh at the misery he will cause you all, but I would feel bad about it. Nobody

deserves obama. Well, the Taliban and AlQuieda does, but obama wants to play nice with them and "negotiate".

The Taliban and al-Qaeda are what are known as "non-state actors." Obama has never declared any intention to negotiate with non-state actors, especially the likes of these two groups.

I know it's easy to set up bizarre straw-man arguments. You build them up and use them as a basis for your argument. The problem is, it makes you look like a fucking retard. Woops, you're starting to rub off on me.

Quote:I've spent 4 years in the middle east, and I would feel safer wearing a KKK outfit yelling the "N" word in South Central LA than I would EVER going back to Saudi or Kuwait ever again. Those people HATE us, no matter WHAT we do. No matter what we WILL do.

Perhaps you should have a word with all the Bush administration officials, Republicans, war hawks, neoconservatives, and AM radio talk show hosts who thought we would be greeted in Iraq as "liberators."

Quote:

Was this post enough to continue the flame and to get people to hate me? I can add to it if you'd like

Oh, please, man! You've given me quite a laugh, here. (I'm serious.)

Quote:PS., I really HOPE obama will do the right thing.
yeah brah, i c ur hearts in da rite playce. we kool, we kool

Quote:I dont know WHY he'd want to be president now, he must be retarded. But I just cant see him doing ANYTHING right. He's a bullshitter. Its easy to catch a liar when you've been in the military, been an advisor to a government official

It's crazy to think that a veteran and former government adviser knows what it feels like to not be able to afford a 20cent pack of ramen noodles. Man Nunya, you've sure fallen upon some hard times.

Anyway, I've heard all this shit before, so yeah? My dad works for Westwood and I'm gonna get you banned from these forums!!!!
