no, i ment i was using yours lol. I was saying i liked your backgrounds. And i do know about the "PrtSc" (or print screen) button on the keybord. I use it alot, and it's much more help full with this:

<http://www.cncmaps.com/index.php?automodule=downloads&showfile=84>

Wich is a Print Screen editor. Awsome program, try it.

BTW: did i do something rong:

?
