You have not shown me one thing to make me see otherwise.

The burden of proof isn't on him. He has no proof that the Flying Purple Invisible Unicorn doesn't exist either. We have no proof that he's purple, either, since he's invisible but we believe. It's our faith, so it's above scrutiny, amirite?

No the proof isn't for me to come up with. I started this topic and the topic was why did you vote for Obama? It wasn't me who changed the topic to a religious war.

spoony put his 2 cents in there wasn't a God so I responded to it. now if he wants to start his own subject on is there a God or not and ask the question then I'll respond.

But you're right I shouldn't have here since he hijacked my topic.

Yet you continue to bawwwwwww about it. If you were truly interested in keeping this thread on topic, you wouldn't have indulged. It takes two to tango, it takes two fling shit at each other, and it takes two to have an argument. Don't attempt to absolve yourself of responsibility of what this thread has become.

And while we're here, yes, the burden of proof IS on you. You have a claim, Spoony does not.

you're right I shouldn't have responded to him hi-jacking my topic. I should have kept on on track.

if he wants to start his own topic on if there's a God or not I'll respond there instead of here from now on.
