The screenshot shows a file download page. At the top, there is a file icon and the file name 'Reborn Stuff.rar'. To the right, there is a 'Report abuse' link. Below the file name, it says 'File type: File File size: 6,013 KB Uploaded: 2008-12-09'. There are 'Sponsored' and 'Your Ad Here' sections. An advertisement for 'Win EUR 5.000 Kerstbonus' is displayed, with the text 'Zoek de verschillen en maak kans op EUR 5.000'. Below this, a note states: 'This file has been stored on the publisher's virtual drive on 4shared.com ([online file storage](#) service). The file is shared for public access and downloading. The publisher is responsible for the content of the file.' Two ads are shown at the bottom: 'DomainNews.com' (Free News and Newsletter about the world of domain names) and 'Compare 10+ Online Degree' (Get your online degree in your spare time. Get more info. Start Today!). The 'Your Ad Here' section for the degree ad is empty. At the bottom, it shows 'Times downloaded: 9' and 'Last downloaded: 2008-12-13'. It also shows the file URL: <http://www.2shared.com/file/44222> and a 'Save file to your PC' button with a red arrow pointing to it. There is also a 'BOOKMARK' button with icons for various social networks.
