Add this:

```
ColorCount=1
```

You also have to define the amount of colors you use. I added and testet it and it worked here.

Quote:

```
[General]
```

```
TextureCount=1  
EnableCredits=true  
CreditsXPos=160  
CreditsYPos=785  
CreditsFont=2  
CreditsStringID=12678  
HideBottomText=true  
ColorCount=1
```

```
EnableTime=true  
TimeXPos=5  
TimeYPos=845  
TimeFont=2  
TimeColor=  
TimeStringID=12679
```

```
[Texture0]
```

```
TextureName=weapon_hud1.tga  
Quad0XPos=200  
Quad0YPos=200  
QuadCount=1  
Quad0Color=1  
Quad0Top=227  
Quad0Left=230  
Quad0Bottom=280  
Quad0Right=280
```

```
[Color1]
```

```
Red=9  
Green=89  
Blue=0
```

If it still doesn't work you have no cripts 3.4.4. installed s XD
