samous wrote on Sun, 14 December 2008 18:52ummm, only one of those PT icons i used:

the rest i either got from here:

<http://www.renegadeforums.com/index.php?t=avatarsel&rid=24163> -- i think ive seen those somewhere

or combined images from there and made my own from those. all the original files (avitaras) are in the zips, except the remote c4 zip, in which i forgot to add them, and the newer versions are there.
