Crimson wrote on Wed, 17 December 2008 10:50 Unfortunately, my new business has kept me rather busy and the moderators do a really good job, so I don't have to visit every day, or several times a day like I used to.

I do intend for that to change but for right now I'm spending 80+ hours a week in my store. Curiosity strikes: What kind of store do you own/operate/manage/work? I've heard you mention it before but don't recall if you ever said specifically.

Also, real life definitely comes before the internets. Don't worry about it, because as you said your moderators do a fine job.
