Well I don't know how secret this is so I don't want to spill the beans, but go ask Crimson about what Khold, xptek, null, Lee, and a few others worked on for quite a while.

EDIT: Nikki and Eth and whoever the fuck the other guy is, please take your shenanigans to another thread.

EDIT2:

Cabal8616 wrote on Thu, 18 December 2008 06:15 Now let's be real here for a second. Have you ever wondered why less and less people join the Renegade community? Maybe, just MAYBE, it's the attitude some of the "oldbies" here take- "You weren't here, therefore, you are not welcome" is the general feel that seems to be given off.

It's the new people like these 3 idiots who posted above me (Ethenal, Nikki, and whoever the fuck fobby is)
