R315r4z0r wrote on Sun, 21 December 2008 13:031. What is an Automated Ladder?
Renegade's built in ladder system which, at one point, worked.

R315r4z0r wrote on Sun, 21 December 2008 13:032. Why is it better for it to be automated?
So that having laddered games actually serves a purpose other than disabling extras. That, and
because it puts the competitive nature of a video game back into Renegade.

R315r4z0r wrote on Sun, 21 December 2008 13:033. Does it involve people who do not
participate in clans?
As far as I know, it should, but only for servers with the laddered option enabled.
