samous wrote on Tue, 23 December 2008 21:05can you post SS in ALL the spoilers, i don't allways have time to test out 500 skins to see if i like them, so prefer to see the SS of them first, and then download and complement if i like them.

Only one spoiler dont have SS so idk wtf ur talking about and theres a limit to how many pics per post that why i did few post with spoilers

also ill do that last skin ss soon

Does anyone else got any thing to say about them? not trying to be an ass but I worked on testing them and posting them and uploading them as a gift for you guys i thought atleast ill get a few more complements then what I have
