lol, who would buy one of those!? They suck! 10\$ is too much for a screen like that. I would pay a max of 10C for one of those! (Trufully I don't even hve to pay that much, b/c my grandfather owns a computer repair shop, and alot of people donate the sceens ur talking about to his shop b/c they are horrible compared to todays technoligy!)

Sry, I guess this is kinda off topic...
