I have run a server with brenbot1.52

include :

SSGM 2.0.2 by WhiteDragon

BRenBot.dll by Hex

SQLite Database Browser

IPBot Plugin 1.1

Custom Commands Plugin 1.1

Ranks Plugin 2.03

it run without crash ,

when i use remren to type musica **.mp3,my client plays the mp3 ,but other clients doesn't .

anyone who pls tell me how to fix it thx a lot my English is poor ,pls dont mind
