Thanks for replys.

Here are the first nude chicks xD

Thanks to Nero for providing me with some nice playboy images!

I textured the Nod entrance and added chicks on paintings. I'll also add some TV's later on. And in the actual strip club there will be animated naked sakuras and hotwires

I am not sure yet if I am going to keep these carpet and wall textures, I need some opinions!

I also added the screenshots to my first post, so you can see the total progress there.
