All Obama has been doing is campaigning, even after he won the election. HE fueled the fire for all of this hero worship. "HOPE", "CHANGE WE CAN BELIEVE IN", "YES WE CAN", etc... is all shit from his campaign. It isn't stuff given to him by his supporters. This was all perpetuated from the inside.

He is the one who promised them all of this. While he never proclaimed himself to be the messiah, he certainly rode the wave and embraced it all. Now he not only has to climb the mountain of the status of the country, but now he has to climb Everest on top of that to merely match the hype that he has fueled and ran with.
