Its an R&B song with a girl and a guy. But i cannot completely write down the lyrics for ya. Maybe someone has a idea?

It goes like.

Eeexccuussee me, but i just dont think we can work it out.
....??.... thats all i can say. You must be my angel, but why are you acting so cruel to me ...??....
but now its over, over. (Then the girl says) yeye

Chorus:

You are the fool who can make it right.??... and fight for your rights?

I hope someone can tell me.
