{...}

I don't see a difference with these buildingbars? Just a different screen to put it on....

But how do you know the person is using that...? It doesn't show up in a screen shot when you request it of him. >.>

True. But, I am sure that I could use aimbot in a game against you and damage hacks against you and you wouldn't be able to prove it either. Only just enough for you to think that I am really good.

Your point?
