I like your site man! It's pretty cool!

Maybe you can host the GoldenEye mod when ever it's created ??????

I'll most likely start on it when ever I get back from m Medical class tonight; Fire Department Certifications are my top priority sense I plan to one day make it my career you know?

But yeahp; I'll start the GoldenEye mod tonight :D; hopefully we will get tremendous support for this mod, it will only be a Multiplayer mod though.
