@ Cave:

Holy crap why is everyone being so dense? I honestly don't care what or how you play. The way you play has nothing to do with the way I play. I'm not trying to get you to believe that this HUD is a good thing to use, I don't care if you think one way or the other. What I'm trying to do is prove to you that I don't use it as a cheat. (And judging by your last post, I think it worked)

And I have never said I was better than anyone else, or "pro" as you put it. I think I'm a pretty mediocre/average player, which is one of the reasons why I like playing inconspicuous cheaters. It hones my skills (sort of like a training program kinda thing) and it's simply fun to challenge myself. How does that translate into "LOL I IS BETUR THAN EVURY1 ELS!!!!1111?1111! ?"
