Ryan3k wrote on Mon, 26 January 2009 16:32 Guantanamo is nothing but a rallying cause for terrorists anyway. shutting it down is an exercise in american principles and virtue

i guess some people here don't care about the suspension of habeus corpus? if we have evidence against an individual, let's fucking hear it in court.

Terrorists aren't exactly the most well informed of people. They could still make up shit about these places existing and people would believe them.
