thx
would like to see some feedback here...

..and if some1 would help:

- VIS for VM_TheTwoTowers
- fixes for the bugs described in readme.txt
- ApocTank retexutured with the included original WW-texture
- a character artist modeling the fantastic Renegade2-Characters from the concepts...

but first, lets talk about this version

well do lets scheduale a time around saturday and talk over on a teamspeak client if you have teamspeak or msn you just tell me and i well see what i can do in my poowers to help
