hey,  
I just removed every last thing from Renegade off my computer.  
Than I re-installed everything and imported all stuff from  
Reborn I wanted on it. Now I can finally place a MK-2 in my  
LE in M08 But thank you all for your help  
The file from M08 was missing from Renegade, that's why  
it didn't function  
Thank you very much, grtz,  
Brian
