rrutk wrote on Sat, 07 February 2009 08:03ok, will make the 0.31b including some bugfixes this weekend.

for this purpose one important question:

why is it necessary, to copy a edited cameras.ini into the renegade/data folder???

why it is NOT enough, to have the edited ini in the mod pkg-file???

Because cameras.ini is read once and only once when Renegade starts up. It's not re-read for every map loaded (or in this case, pkg)
