Yup that one is fun to. You race to the end of the map and plant a beacon on the enemy's ped to win

Here's cute racing map I found. First pic will show you the teeth then you race threw the veins then into the body. It gets boring real fast but its fun to see for the first time. Theirs also some brown things floating in air and a brown pool of water. I can only guess what that might be.

You can find this map on stalkers site.
