This would be way too hard to put in order, so, it's not in order, outside the first few. For example, I could say I like Dead Space now more than I like Red Alert 2 now, but I did like Red Alert 2 more a few years back than I like Red Alert 2 now, so do I deduce I like Red Alert 2 as a "better" game? It's hard for me to say. Therefore, this is just a list of titles I like. Outside the first few, it's not in order. It's on a "first come to mind, first list" basis. Also, these aren't PC games only.

- 1: Final Fantasy IX
  - 2: Final Fantasy VIII
  - 3, 4, and 5 (tie): Final Fantasy VI, V, and VI
  - 6: Final Fantasy X
- x: Resident Evil
  - x: Resident Evil 2
  - x: Resident Evil 3: Nemesis
  - x: Resident Evil Code Veronica
  - x: Silent Hill 3
  - x: Silent Hill 4: The Room
  - x: Command & Conquer Red Alert
  - x: Command & Conquer Red Alert 2
  - x: Command & Conquer Renegade
  - x: Command & Conquer Tiberium Wars.
  - x: Lord of the Rings: The Battle for Middle-earth II
  - x: Dead Space
  - x: Doom 3
  - x: Doom 3 Resurrection of Evil
  - x: Donkey Kong Country
  - x: Terranigma
  - x: Darius Twin
  - x: (almost) all Super Mario games before Mario 64
  - x: Dino Crisis
  - x: Dino Crisis 2
  - x: Chrono Trigger
  - x: Far Cry
  - x: Unreal Tournament III
  - x: Sim City 2000
  - x: Sim City 4
  - x: Metal Gear Solid 2: Sons of Liberty
  - x: Gran Turismo
  - x: Gran Turismo 2
  - x: Gran Turismo 3: A-Spec

I can never order this, nor narrow it down, and that's assuming I remember all of them, which is why I hardly actually do this, but I tried. The first six are definites though.
