That turned out great! Funny how how i never miss RenX's community games...met some nice fellows too. And I met my 2 personal goals too! ---> Kill Fobby atleast once and get MVP too.

On Hourglass GDI got Meds and MLRS and attacked from Hill and sides but a Nod rush took out AGT and WF. It was all defendign from there. it was so close with Nod winning almost but we got our work together and won it by points lol...with only PP left...

can't believe Nod could not win that one. In the end it was like 7 ppl repairing PP to win by points lmao. kudos to u6795 and Cabal among many others for repairing the 2 remaning Med including mine...GJ m8s.

Next game was on Field and GDI dominated the field with Meds/MRLS and then Gunner-rushed and killed our Strip. We let HON die afterwards to stop GDI points and I was the only player left with an Arty...we defended till a giant Mammoth rush finished off Obby.

Next was Islands and I was GDI lol...I was determined to repeat the same result like last year...so I got MLRS. GDI dominated from the start with MLRS hitting Ref to get pointslead while Meds went in and Sieged Nod entrance. Lol Nod nuked and double and triple nuked but we disarmed them all! Nod was too focused on tunnels tho they did manage to shut us down in our own base...but we pushed em back to their base eneventually killing AiR. Then one of the MLRS killed Ref and then we all ganged up on HON.

I was able to kill Fobby 2 times lol and also got MVP to..hehe MVP 2 times in a row in 2 years on the same map in the same Ren X community game hitting Ref from the same spot! pretty nostalgic

Fobby the Raveshaw:

Fobby the Tech:

Then onto Mesa GDI too the cave first and started hitting PP/HON/Obby/AIR. I got Light as usual on Mesa an went on the side harrasing GDI from the bridge and also hitting PP in vain with other Arts.

I left in the middle of this game cos too tired. I wonder if they played on City_Flying.

It was great time and got to meet bunch of nice ppl...many guys working on Ren X were there are we were able to have nice chats before the games. And during too...

GJ Fobby...thx m8! enjoyed fully...!

Funny how there were loads of players lol
