I wish I had infinite PLECOS.

Then the PLECOS eat all the ren froums members and kill the plecosystem.

I wish EA made toys for EVERY character and vehicles in the entire Command & Conquer!

granted but an alien force has tampered with the toys and they become lifesize and start a global war

i wish error would actually make a wish when he corrupts wishes

granted, but he goes on a vacation and does not have a pc there (i forgot, sorry)

I wish i wouldn't forget to make a wish after i corrupt a wish
