http://www.learn-programming.za.net/learn_java_programming.html
http://java.sun.com/new2java/
http://freejavaguide.com/ <---gave by the schools network administrator
http://java.sun.com/docs/books/tutorial/index.html

Want to make sure to do the right tuts just how there are better c++ ones as you said above

java totally sucks, it is overly complicated, pointless and looks terrible.
