a000clown wrote on Tue, 10 March 2009 20:11 Just curious, but why don't you confirm if it works or not before reporting it?

It would waste a lot of the developers' time if people started reporting everything "they heard" with a lot of those reports turning out to be false...

I just tested this by creating a bunch of Nod spawners all over the map with:

```
Commands->Create_Object("NOD Spawner",position);
```

and it worked properly. Nothing to fix

I haven't really gotten a lot done on my mod yet. I don't even know how to use Commands->. How would I use that script? Or is that a serverside mod such as SSGM? Sorry, I'm a newbie.
