I wish I could help but never seen this skin anywhere

Jerad Gray wrote on Sat, 21 March 2009 10:27HACKS! Jk, lol, but whats up with the tires, is it just a bad alpha or what?

lol maybe! I once wrongly edited the rotor blade dds file and put that in-game and there was no blades on the apache lol! It seemed like advantage as there was no rotor blades and you could see so much better.
