"The Kodiak, the command ship of the Global Defence Initiative (GDI) faction from the computer game Command & Conquer: Tiberian Sun is seen among the fleet in one establishing shot."

Now you tell me that Westwood's C&C hasn't had an impact on Science Fiction.....

if that is what you consider having an impact on something...

Toggle Spoileroverall pretty good episode, ITS TOASTERS BEATING UP OTHER TOASTERS IN CLOSE COMBAT. lee's plan to scrap technology was bloody stupid though
