Subject: Re: Need Scripts 3.4.4 Help
Posted by danpaul88 on Fri, 03 Apr 2009 07:46:36 GMT

Reinstall scripts.dll 3.4.4 using the installer from http://www.4camp.net/scripts344.exe, that should fix any problems.

(EDIT: Any reason why I have to manually put in URL tags? Is the automatic URL parser broken?)
