I am sorry are we in the same thread here?

"Re: Is use of CAPITAL LETTERS in the rules."

I am an asshole, fuck off.

People close to you died, everyone knows someone that has died, that is irrelevant to this situation, as I did not say anything about anyone besides you.

The people who's opinion does matter have no problem with what was said there. They as a matter of fact also think Puddle should stfu and stop whining about a mute.

I fucking muted him, he comes to me with these first few lines

[19:02:40] (puddle_splasher): so easy to shut someone up with mod abuse. Where in any of the rules does it say no CAPS??? It doesnt

[19:03:24] (puddle_splasher): why not look for cheats?? Neither of the more mature mods have bothered about my mis, caps all day, why do you?

[19:05:04] (puddle_splasher): why not be considerate to someone that works all week, gets one day a week to play, enjoys a beer and still plays here after 7 years?????

[19:05:35] (puddle_splasher): you must have more to do with your time than be abusive for xcap locks

If you come to me with this shit after a simple mute, fuck off.

Muting is not abuse.

If he would have listened to my first response

[19:04:17] (ChewML): don't pm me anymore kthnx

Or came with a nicer opening line, then I would not have been such an asshole.
