MasterEvolution wrote on Wed, 08 April 2009 22:50He could have recieved his copy from a friend, that is what happened to me. Although it was still a legal copy. But indeed the only reason why people use hamachi is because they cant get into the online lobby, because they have a pirated game.

Each user needs a valid license to play. Legally, you cannot both install and play the game, or at least not at the same time. That doesn't mean the serial is bound to an individual but it is bound to one active player.
