That would be great

EDIT: I'll also be editing textures so they all fit together, so only if you're alright with that. It's been a while since I did anything to them but as far as I know they did fit really well. The trees are still green though lol.

They are not renamed like Reloaded's they are just original texture replacements. I need to re-collect snow files for Islands.

sorry, but i like the Desert-farm like maps, just like unreleased C&C_wasteland from westwood
